

GET READY TO GET BACK OUT THERE.

Overland Mounting Bracket & Hardware

\$119.99

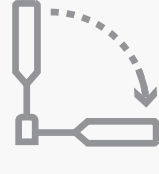

With input from the off-roading and overlanding communities, weBoost engineered the **new Overland Mounting Bracket and Hardware**.

Key Features

Attaches to a vehicle using a T-slot, pole, or fixed mounting.

The Overland Mount allows the outside antenna to quickly fold down and flip back up.

Connects to the outside antennas included in the Drive Reach OTR and Drive Reach RV cell signal booster kits.

Customize your Cell Signal Booster with Additional Accessories

OVERLAND ANTENNA

Upgrade any Drive Reach kit with our toughest antenna for vehicles.

\$19.99
